

TRIP PLANNING

Effective September 14, 2023

Trip Insurance: Due to our cancellation policy and the unexpected events that can possibly occur, Dive Paradise STRONGLY recommends that all divers obtain international medical coverage, and/or a comprehensive travel insurance policy for their reservations, with coverage that includes cancellation, medical, personal liability and coverage for dives cancelled due to bad weather/port closures.

Dive Equipment Rental: Rental gear is not included in trip prices. If you know you will need gear, please specify this ahead of time in your Diver Registration Form, to ensure the proper size is available to you. While we always do our best to provide requested sizes, gear is provided on a 1st-come 1st-served basis.

Wetsuits – Do You Need One? Everybody generates a different level of body heat and has different needs. If you are traveling in the “cooler months” (December – March), a shorty or 3mm wetsuit is a good option. Those who are more sensitive to water temperature might also benefit from wearing a hoodie, dive skin, or vest under wetsuits for added warmth. In the warmer months (April – November) many guests are comfortable enjoying our beautiful waters with only a rash guard or dive skin, which can also protect you from sunburn.

Lockers The hotel owns lockers at the dive shop, conveniently located by the rinse tanks. Keys for the lockers are available from the front desk when you check in. The lockers are quite large, plenty big enough for a full set of equipment. We have hangers for wetsuits and racks and pegs for BCDs, fins, booties, etc., after you've dunked your equipment. We suggest storing it in the locker overnight, as the area is public. Each room at the resort also has pegs and bars on the balcony or patio for drying gear you do not wish to leave in the locker.

Marine Park Fee: Paid on-island is a marine park fee of \$104 MEX pesos per diver, per day of boat diving. MEX pesos are preferred but US cash is also accepted. The US currency equivalent is predicated on the day's exchange rate. Marine park fees are subject to change without notice.

Getting to Cozumel: Cozumel's International Airport (CZM), is served by most major North American airlines. For more options, you may also want to consider flying into Cancun International Airport (CUN) and taking a bus, shared ride transfer, or taxi from Cancun to Playa del Carmen, followed by a [Winjet](#) or [Ultramar](#) ferry to Cozumel.

About Cozumel: Learn more and chat with locals (Mexican & ex-pats), via Facebook group [Cozumel 4 You](#).

Cozumel Weather: Weather in Cozumel does not change drastically throughout the year. For those who like to follow current weather, we recommend the following sites: [windguru](#), [windy.com](#), or [conagua](#).

Credit Cards: We recommend getting a credit card that does not charge international transaction fees before you travel. Notify your credit card company in advance that you may be making charges in Mexico. MasterCard, Visa and debit cards are widely accepted. American Express is not accepted at many locations.

Phone Service: To use WhatsApp (<https://www.whatsapp.com>) for free calls & texts while traveling, download to your phone from the USA prior to travel. It will not download in Cozumel. International calls are expensive, so local prepaid sim cards are a good way to go and can be purchased from TelCel or another local provider. You can use your local cell phone on Wi-Fi service. To call Cozumel, dial +52 1 (987), then the number.

TRIP PLANNING

Effective September 14, 2023

Currency:

- In advance: All retail prices listed in USD are available when prepaid through our USA Reservations office.
- On the island: The official currency is the Mexican peso; however, the US dollar is also accepted at many businesses, including Dive Paradise. Our on-island shop lists prices in \$MXN Pesos and accepts \$USD at the current exchange rate posted by the Central Bank.
- Using a credit card for payment is a good option, as you will get the best exchange rate from your bank.
- If you're coming from the US, it is recommended that you bring some small \$USD denominations (\$1's and \$5's) for tipping porters, van drivers etc.
- You can use a Mexican ATM machine to access your accounts and obtain pesos at a good exchange rate. (There are ATMs at Cozumel Hotel and the Royal Village that also dispense US dollars.). Notify your hometown bank before you leave that you'll be making withdrawals in Mexico, so they don't block the charges. Plan to pay a fee (usually per transaction, not by the amount), so it is best to take out larger amounts in fewer batches.

Packing Considerations:

- **Water bottles** - To reduce waste and protect the ocean, we no longer provide disposable plastic water bottles. Please collaborate on this conservation effort by bringing your own bottle, or by purchasing a Dive Paradise reusable thermos from our on island shop.
- **Reef safe, biodegradable SPF sunscreen.** Biodegradable sunscreen is the **only** type of sunscreen that is allowed on any snorkeling tour, scuba diving trip, or other water activity inside Cozumel's protected marine park. Dive Paradise has reef-safe sunscreen available for purchase in our shops.
- **Pack light!** Cool, casual, comfortable wear is acceptable everywhere. A light sweater may be welcome on some breezy evenings and after diving, especially in December, January and February. A windbreaker or rain slicker should also be considered.
- **Log book** to record all your new dives.
- **Medications.** Some people love diving although they get sea sick. Bring your remedy of choice to be prepared for those days when the ocean is a little choppier. We also recommend Ginger (tablets, cookies) to settle tummies.
- **Airline luggage restrictions** are constantly changing. Check your airline's website(s) for the most current information on baggage allowances and restrictions. For most international flights, any luggage over 50 lbs will have a surcharge and you could potentially be told to remove something from the bag. In most cases luggage over 70 lbs will not be accepted.
- **Carry-on baggage:** In the unlikely event you arrive in Cozumel without your luggage, please make sure you have packed your "trip essentials" in your carry-on bag, such as your diving C-Card, DAN or other dive insurance card, shorts, bathing suit, dive mask, dive computer, medicine, sunglasses or anything necessary to begin enjoying your stay from the moment you arrive.
- **Batteries:** Your devices and dive equipment might require special batteries. Some batteries are difficult to obtain in Cozumel. Please bring your own spare batteries with you. **Reminder:** The airlines require that all spare (uninstalled) lithium batteries be packed in carry-on baggage only. When a carry-on bag is checked at the gate or at plane side, all spare lithium batteries must be removed from the bag and kept with the passenger in the aircraft cabin. Dive Paradise is fully committed to recycling and conservation; our office staff can assist with proper disposal of spent batteries.

TRIP PLANNING

Effective September 14, 2023

Arriving in Cozumel

Communicating with Dive Paradise The phone for the US office does not ring on weekends but emails are checked periodically. *Should the group have delays in travel, please share these phone numbers with the group leader and ask them to call the Cozumel team directly.*

- 011-52 (987) 872-1061 our on-island main shop at Cozumel Hotel & Resort
- 011-52 (987) 101-8585 our on-island team WhatsApp line

Locations: We have locations at Cozumel Hotel & Resort and Villablanca Beach. Your trip confirmation email/voucher will specify the location closest to your hotel.

Airport Transfers: Unless you have pre-purchased transfers to your hotel, the transportation available from the airport is via shared vans (“colectivos”), priced per ride for private or shared rides along fixed routes. The Colectivo kiosk is in an open air hallway just outside baggage claim. Resorts and condos are not permitted to provide alternate/private shuttles. Purchase a one-way ticket, as a taxi will be the best option for return. USD, credit cards and MX Pesos accepted.

Taxis: To catch a taxi (a cheaper and faster option) from the airport, you will need to go out to the street, beyond the airport (go to Airport Boulevard or 65 th Av.). From the Ferry terminal, simply proceed to the street. Taxis generally only accept cash and will accept US dollars, but generally at a poor rate, so it is best to pay in pesos. There are several ATMs at the Airport as you exit customs where you can get pesos. Fares are regulated based on location with the tip built in. However, if they offer extra service -- like helping you load heavy luggage or groceries - a tip is a nice thing to do. It is always a good idea to ask what the fare will be before you get into the cab.

Mandatory on-island check in

- Each diver must stop by to register (by 3 PM at our Villablanca beach location, or by 7 PM at our Hotel Cozumel location or at our Main Office downtown), on the day before the 1st date of diving, unless you have notified us that you are arriving on the day of your first dive. This serves to reconfirm dive days, boat pickup times, and departure point, verify completion of the [Diver Registration and Waiver](#) forms, plus divers should try on rental gear the day before their first dive. This is also a good time to let us know of any requests for changes or additions.
- Each diver must present their confirmation email or voucher at check in (a digital image on a cell phone is fine). This is your proof of purchase and ticket for services to be rendered.
- Each diver must bring their C-Card if diving (not required for Discover Scuba, Open Water certification or Open Water Referral). A digital image on a cell phone or the PADI app is fine.
- Those doing training dives must bring any relevant Referral Form or signed log book along with a completed medical questionnaire.
- Each diver should bring a VISA, MasterCard or American Express credit card to be used for a security deposit on any rental equipment required and to open a dive shop account for any incidental expenses they may incur.

TRIP PLANNING

Effective September 14, 2023

Welcome Tanks: For any certified diver who has booked a boat dive with us, we provide a complimentary Welcome Tank on the arrival date, at the check-in location specified in the trip instructions. Use of this welcome tank is optional, though we strongly advise all divers to take advantage of this opportunity to do a shore dive for a buoyancy/equipment check, to prepare for their first boat dive. The welcome tank must be used and returned during daylight hours, prior to boat diving.

Safety Standards per Diving Certification Agency: Divers must be “current” to qualify for boat diving.

- If a diver’s last dive was within the last 12 months, a *daytime* warm-up shore dive is required with a buddy or a Personal Divemaster. No solo divers allowed for shore dives.
- If a diver’s last dive was 13 to 24 months ago, we require a [Refresher course](#) with an Instructor before any open water dive trip.
- If a diver’s last dive was more than 25 months ago, we require a [Scuba Tune-up course](#) with an Instructor before any open water dive trip.

Maximum Peace of Mind: We provide one Divemaster for each eight divers. For more personal attention, a Personal Divemaster can be hired for \$55.00 per dive trip (in addition to trip price) for 1 or 2 divers. This service is available on the morning Caribbean 2-tank Trip or the Afternoon 1-tank Trip.

Boat Pickups: The first pick-up is at Hotel Cozumel & Resort at 8:30 AM. Dive tours on fast boats (Lanchas) return approximately 4^{1/2} hours after departure; big boats (Barcos) return from 5 to 5^{1/2} hours after departure. The boats then head south, for pick-ups at Villablanca Resort / Dive Paradise and affiliate resorts. By prior arrangement, our boats can make additional pick-ups at the following resorts.

- Casa Del Mar, Barracuda, Cozumel Palace, Park Royal, El Cid La Ceiba, Intercontinental Presidente, Fiesta Americana, Sunscape Sabor, Secrets Aura Cozumel, Allegro Cozumel, Occidental Grand Cozumel, Iberostar

* Be sure to verify with your hotel if you can use their pier for pickups, and if that is included in your hotel package/inclusions. Some hotels charge an extra fee to their guests. Dive Paradise does not charge any extra fees for pick ups at their docks.

Tippling: If you receive good service, please consider showing your appreciation with tips. Dollars are universally and happily accepted by service providers, as are pesos. Tour guides and dive professionals customarily receive tips and split them between the captain, the dive master and any other helpers on board. Restaurant tipping should be in line with what you pay elsewhere -- typically 15% of your bill. Tour operators will be happy to suggest an appropriate tipping range for their workers if you ask ahead of time.

TRIP PLANNING

Effective September 14, 2023

Medical Treatment, Consultations, Emergencies, and to complete Medical Release Forms as needed,

Dive Paradise is affiliated with:

- [Clínica San Miguel](#), on Calle 6 Norte (6th Street North) #135, between 5th Ave. and 10th Ave.
- Meditur Hyperbaric Chamber, (987) 869-0300 or hipercozumel@meditur.com. This is a state-of-the-art recompression chamber facility connected with the hospital. Dr. Pascual Piccolo is the presiding hyperbaric physician and general practitioner.

All divers are advised to purchase Travel Insurance for their reservation. Meditur accepts **DAN** and **DiveAssure** for direct billing with no out-of-pocket expenses. (PADI insurance members pay out-of-pocket and submit for reimbursement).

Bad Weather and Unforeseen Circumstances: Dive Paradise strives to ensure that all trip arrangements will run as planned. However, we occasionally need to make changes including altering, postponing or canceling dives due to weather and other circumstances or safety considerations.

If the ocean swells make docking on the piers unsafe, we may move boarding to Marina Fonatur for everyone's safety. In these cases we organize taxi services and it is very important that divers stay in contact with us. They will need to stop by or call our Cozumel Hotel shop 011 52 (987) 872-1061, or call our cell/WhatsApp line 011 52 (987) 101-8585.

If the Mexican Marine and Federal Authorities determine conditions are unsafe for tourist maritime activities, they will close the ports and we will be required to pause dive operations. If such circumstances occur during your visit, **it is essential to stay in touch with our shop to confirm any rescheduling**. The port could reopen, allowing boats to go out later in the day, or we will try to reschedule the missed dive for another day during your stay. Having a phone/text/WhatsApp# where we can reach you while on Cozumel is most helpful for our trip planning in these cases.

If rescheduling is not possible, we can also provide a rain check for the same type of dive trip, to be used within two years with an advance reservation (required to confirm availability/scheduling). **Rain checks must be requested and arranged at our main office in Cozumel, before leaving the island at the end of your trip.**

Mother Nature is unpredictable, so we **STRONGLY** advise all divers to obtain trip insurance that covers reimbursement for missed dives due to port closures and other unforeseen circumstances.

Enjoying Your Stay: We want you to have the scuba diving vacation you've been dreaming about! If you have any questions or concerns while on island, please bring it to our attention as soon as possible by communicating with our General Manager in Cozumel, or by sending us a message at customerexperience@diveparadise.com.

Thank you for choosing Dive Paradise!

Let's Go Diving!
